Laurentian Mountain Clan

Billionaire Werewolf Romance Series

Under Pen Name: Mimi B. Rose

Meet the Laurentian Mountain Clan and its Alpha family, the Ducharmes. Three brothers–Charles, Thomas, and Henri–and three cousins–Clementine, Michel, and Bertrand–who face shifter rivalries and supernatural forces as they look for love in the French-Canadian mountains.

The Laurentian Mountain Clan fights the neighbouring Trois-Rivières Clan for control of their territory. It will take three mysterious women with untapped abilities to help defeat the rival clan and their supernatural allies–and bring true love to three brothers. When the Clan expands to the West they uncover a drug smuggling and human trafficking operation in their new territory. The cousins join forces with bear shifters and local law enforcement and find love along the way.
